

Danish Seminar December 2025

In the late autumn of 2025 we had a wonderful seminar with Mikael Söderkvist in Vissenbjerg. Preparations included the calligraphy *Shu Ha Ri*, which led to a good conversation over lunch *smørrebrød* about jodo and martial arts development.

The group was hungry for new inspiration, and in addition to correcting some of the many details we need to work on, we were also given extra katas and introduction to *Kasari* and *Tanjo* from the auxiliary curriculum including *Tanjo* and *Kasari*.

The Danish dojo was joined by a visitor from Germany, and enjoyed this opportunity to welcome and train with new people.

Breaks were kept to a minimum to cram in as many hours of training as possible and we were very tired, happy and inspired after the intense weekend seminar.

Thank you to Michael and Tim for making the journey again this year!
