Pyatigorsk

October 26-27, 2019 in Caucasus, in the city of Pyatigorsk was organized SMR Jodo practice. This city is known in Russia as a city mineral waters. In the Pyatigorsk there are many parks, healing springs and poetic places. This city has a wonderful climate for recreation.

At the seminar there are people from three cities on the region: Pyatigorsk, Lermontov, Stavropol, Abkhazia (one people). We only practiced Kihon and simple forms Omote, but interest in SMR Jodo practice is increasing. This fact pleases us!
