# Sevastopol

Last weekend (October 13-15, 2019) we did a seminar on the practice of Shinto Muso ryu Jodo. The seminar was held in the Republic of Crimea, the city of Sevastopol. (This city in Russia is called “The City Sea Glory”). Many people who practice Jodo connected their life and work with the sea.

In Sevastopol, the SMR Jodo group is young, but already very hardworking. At the seminar there were people from other cities (Evpatoria, Simferopol). The main practice was developed to Kihon Tandoku, but forms like Suigetsu, Shamen, Tsukidzoe, Monomi we were able to practice. Similar seminars in Crimea are held on a regular basis in February, October and August.
