Voronezh

During the week-end of November 22-24 we organized SMR Jodo practice in the city of Voronezh, Russia. The city, located more than 1000 km from St.Petersburg towards center of European Russia, is known as the place where the first fleet of Russia was built.

The group of 12 jodokas from Voronezh and Belgorod attended the classes. We focused on Kihon Tandoku, several forms of Omote, Suigetsu and Shamen. In addition to jodo classes, we also practiced Kenjutsu. The joint Budo practices are regularly held since 2002, SMR trainings are held since 2011
