According to tradition start was with the Kihon tandoku. The basic techniques were explained in more details by Pascal Krieger sensei on Saturday morning and at the beginning of the afternoon session.

On Saturday we managed to practice kata from the Omote curriculum Shinto Muso-Ryu and also worked Shinto-Ryu kenjutsu. On Sunday we were divided into groups of different levels.

Pascal sensei has demonstrated the series of kata and gave a lot of explanations of technics and answered many questions. Then he held a lecture about the principles of Budo and explained us more than 25 principles that we should observe while practicing martial arts.

After all of this Pascal Krieger sensei held a delightful demonstration of Shodo, after which many participants were received exemplars of his calligraphy.

We have enjoyed the seminar very much and we look forward to future meetings."
